

DAVE SADLER

Typical Stage Plot Solo Performance

Performer Provided Equipment:

Venue PA Input List

1. Input for Bose L1 to PA:
XLR 3 pin
2. Input for Mic to PA:
XLR 3 pin

Notes:

Guitar signal and backing runs through Bose L1 with output to venue PA via balanced XLR. Performer controls guitar/backing mix from stage with T1 mixer

Vocal mic runs directly to venue PA with operator controlling mix of vocals with guitar/backing.

For small venues w/o PA, performer runs mic through T1 mixer to Bose L1 and controls mix.
